Honorable Commissioner of  
Patents and Trademarks  
Washington, D. C. 20231

Sir:

The above-identified Applicant wishes to ascertain the  
status of his above-identified application.

The undersigned Attorney has explained to Dr. Chang that the  
U.S. Patent and Trademark Office has been receiving a marked  
increase in the number of new applications and is in the process  
of moving from Crystal City to its new Alexandria location.  
However, Dr. Chang is worried that something has gone amiss about  
his application and has asked that this written request be  
submitted.

The undersigned Attorney has endeavored on at least two  
occasions to utilize the Internet for checking on the status of  
patent applications but has had no success.

A written response or a response by telephone (703-533-8827)  
will be much appreciated.

Respectfully submitted,

Marion P. Lelong

Registration No. 20,077
